

Application for Approval to Operate a Caravan Park or Camping Ground

Under S68 Local Government Act

About this Form

- 1 This form has been designed on a "multi use" basis. You should choose the section or sections which reflect the arrangements on your particular park.
- 2 For example, toilet, showers and hand basin facilities may be specifically intended for long or short-term sections or facilities may jointly serve both. Where en-suites service individual sites or serviced sites are reserved only for units with their own individual facilities, those sites may be excluded when calculating communal facilities.
- 3 Laundry facilities are not specifically recognised for the "serviced site" concession explained in No 2. Laundry facilities should therefore be calculated on the basis of all sites on the premises except where a concessions based on special factors involved may have been granted under Local Government (Manufactured Homes Estates, Caravan Parks, Camping Grounds and Moveable dwellings) Regulation 2005.
- 4 Campsite calculations for facilities may be based on 2 campsites equalling 1 site.
