Supporting Documents Required

Site Plan (3 copies) - Provide a site plan indicating:

- the location, boundary dimensions, site area and north point of the land
- existing vegetation and trees on the land
- the location and uses of existing building on the land
- existing levels of the land in relation to buildings and roads

Floor Plan (3 copies) - Floor plans of any finishes and heights of any proposed buildings showing layout, partitioning, room size and intended uses of each part of the buildings.

Elevations and Sections (3 copies) - Proposed external finishes and heights of any proposed buildings.

BASIX Requirements - All required BASIX commitments are to be notated on the submitted plans.

Building Specifications and Structural Details (2 copies) - Specifications that describe the construction and materials of which the building is to be built and the method of drainage, sewerage and water supply. Structural engineering details to be provided on the concrete slab and /or footings as appropriate.

Owner Builder Permit and Insurance under the Home Building Compensation Fund - An Owner Builder Permit is required for residential work over \$10,000 in value. An owner-builder will no longer be required or able to obtain a certificate of insurance from the Home Building Compensation Fund. Licensed contractors working for an owner-builder will still need to provide insurance to owner-builders for all work over \$20,000.

Long Service Levy - Long Service Levy is payable where the cost of works is \$25,000 or greater.

Bushfire Attack Level (BAL) Certificate - If the property is classified as bushfire prone land, a BAL Certificate must be obtained from the council or a person who is recognised by the Rural Fire Service as a suitably qualified consultant in bush fire risk assessment.
